Introduction

Vision

Spirit-led leaders, Christ-like Church, transformed world

Mission

United prepares faithful, fruitful leaders to make disciples of Jesus Christ.

Values

Historic Faith

We believe that the faith in Jesus Christ passed down to us through the centuries by the fathers and mothers of the Church is crucial for the life and witness of the Church today. The Bible is our centerpiece for theological formation and reflection. Through sacraments, creeds, the writings of great teachers and other resources, we grow in the knowledge and love of the Triune God.

Scriptural Holiness

We believe in the life-changing power of the Holy Spirit, who helps us to become Christ-like individuals and communities. Holiness is not simply about personal transformation. It is about transforming the world through faithful discipleship and just action.

Church Renewal

We believe that renewal, whether of individuals, congregations, the Church universal or all creation, is the work of the Holy Spirit, who is always ready to lead the faithful in this redemptive activity.

History

United Theological Seminary traces its history back to the former Church of the United Brethren in Christ and The Evangelical Church. Both denominations were made up of largely German-speaking immigrant communities, and both bodies traced their theological roots to the Wesleyan/Methodist movement and other Protestant missions in the eighteenth and early nineteenth centuries in North America.

In 1871, The Church of the United Brethren in Christ founded Union Biblical Seminary in Dayton, Ohio. In 1910, the name of the school was changed to Bonebrake Theological Seminary. The seminary established its campus at 1810 Harvard Boulevard in Dayton in 1923.

In 1946, The Church of the United Brethren in Christ and The Evangelical Church united to form The Evangelical United Brethren Church. The Evangelical School of Theology, situated in Reading Pennsylvania, on the campus of Albright College, had served The Evangelical Church since 1905, and the union of the two denominations brought about the merger of the two seminaries in 1954 into United Theological Seminary. United Theological Seminary was created by combining the full body of administrative and teaching personnel, the libraries and the financial resources of the two former schools.

With the union of The Evangelical United Brethren Church and The Methodist Church in 1968, United Theological Seminary became one of thirteen theological schools of The United Methodist Church.

In 2005, United Theological Seminary sold its Harvard Boulevard campus and relocated to a newer, completely accessible facility in the community of Trotwood, four miles to the northwest.

United continues to celebrate its rich heritage and to draw upon the abiding commitment, ecumenical outlook, and religious professions of its founders in its educational mission to a new generation of church leaders, lay and ordained.

Accreditation and Association

United Theological Seminary is accredited by the Commission on Accrediting of The Association of Theological Schools, and the Higher Learning Commission, and per [Ohio Revised Code §1713.02](#), holds a Certificate of Authorization from the Chancellor of the Ohio Department of Higher Education. See the United [website](#) for more information (<http://united.edu/accreditation-association/>).

United Theological Seminary is one of thirteen United Methodist seminaries in the United States and is listed by the University Senate of the denomination as an approved theological school for the education of United Methodist clergy.

Degree Programs

Doctor of Ministry (DMin)

For religious leaders seeking to strengthen their prophetic and pastoral competence and equip others for ministry and outreach

Purpose

The Doctor of Ministry (DMin) program at United Theological Seminary is an advanced professional degree in the practice of ministry based on action research methodology. The program is designed to strengthen the work of ordained clergy in the practice of prophetic and pastoral ministry, lay leaders for ministry in the church, religious educators, and those involved in a variety of community-based ministries.

The DMin degree is designed to enable students to:

- Demonstrate advanced ability to reflect on her/his own spiritual and personal growth.
- Demonstrate advanced ability to reflect on a specific area of ministry through exegetical study of a biblical passage.
- Demonstrate advanced ability to design a ministry project in conversation with a past figure or movement through the study of history.
- Demonstrate advanced ability to design a ministry project in conversation with a specific element of Christian theology.
- Demonstrate advanced ability to analyze the social dynamics of a specific ministry setting in conversation with an established interdisciplinary framework.
- Demonstrate advanced ability to design an action-research project in compliance with ethical and legal best practices.
- Demonstrate advanced ability to evaluate the results of a carefully designed and implemented ministry project.

Curriculum

The DMin program is a mentor-based contextual model of education. This program requires a combination of self-initiative and collegial action/reflection. The curriculum is intended to develop both individual leadership skills and the ability to support the leadership of others. The two educational goals are achieved through focus group participation and mentor supervision. Individual leadership is achieved through the identification and execution of a research project that is unique to the participant's ministry context. The importance of mutual inquiry is fostered through the focus group process, where individual students reflect theologically by developing a research project with peers who are also engaged in the same general topic. The curriculum is designed to foster critical theological reflection, to model a form of mutual inquiry that will enhance ministry, and to aid the student in the design and execution of an original research project.

Program Components

The program requires the interweaving of course work, critical reflection on a ministry context, and focus group participation. The educational process makes it possible to develop a high degree of expertise in a particular area of ministry that is rooted in academic inquiry. The goal of the program is for students to test a specialized ministry model that can then be made available for others to use. All semesters foster personal, academic, and contextual growth.

The program is 60 credit hours divided into six semesters of ten credits each. Each semester begins with a five-day Intensive.

Semesters I – V include Focus Group meetings in addition to the Intensive meeting. Students will attend lectures (beginning semester I) and write short papers that will be presented to their peers (beginning in semester II). In Semester V the student undertakes the research and writing of the thesis project. The Final Exam (project defense) and Thesis Completion are scheduled in Semester VI. The deadlines for Final Exams in Semester VI are February 15 (spring term) and September 15 (fall term).

Non-credit requirements

- SS502 Online Doctoral Student Orientation: Orients new doctoral degree candidates to United's online learning environment. Students will also complete the entering student questionnaire. Completion is required to register for a second semester.
- Doctoral Graduation Survey: Students complete the Graduating Student Questionnaire. Students will receive an email link for this survey after they submit their intent to graduate form. Questionnaire must be completed at least two weeks before graduation.

Semester Process

Each of the six semesters of the program focuses on a particular aspect of the work toward the Doctor of Ministry degree.

- **Semester I** focuses on analysis of the participant and the context with an emphasis on how the two come together to form a thesis for the DMin research project. This semester includes instruction in Biblical Studies and Church History.
- **Semester II** provides instruction in Christian Theology and Interdisciplinary Research.
- **Semester III** focuses on the Candidacy Review for continuation to the research.
- **Semester IV** centers on Human Subject Research.
- **Semester V** focuses on the design, implementation, and documentation of the research project. It also includes oral-defense preparation.
- **Semester VI** focuses on the final exam, thesis completion and post-defense instruction for the Doctor of Ministry degree

Intensives

The Intensives introduce students to current issues that are impacting ministry. Each intensive is organized around a specific theme that is taught by national leaders. The

Intensives also provide the setting for course work in Bible, Theology, History, and interdisciplinary study for the development of research methodologies, and for focus group consultation. The uniqueness of each semester requires students to participate in all six semesters; therefore, there can be no admission with advanced standing. The intensives include the following components:

- Worship
- Plenary Sessions focused on the theme of the intensives
- Focus Group meetings emphasize each semester of the program and the subject matter of the focus group
- Module Work concentrates on the required academic curriculum
- Seminars for peer evaluation of student presentations

Focus Groups

The Focus Groups are a crucial part of the DMin curriculum and consist of 32 contact hours for Semesters I – V. The Focus Groups provide opportunity for students to work with Faculty Mentors, to participate in collegial peer-to-peer learning, and to receive critical evaluation from a Faculty Consultant.

Participants develop relationships that enable them to be both critical and supportive, challenging and affirming. The process of learning through collegial relationships is meant to assist students in evaluating ministry contexts. The Focus Group is an important evaluation group, whose primary purpose is to provide a context for theological reflection at every semester of the DMin program.

Evaluation

Evaluation of the program is conducted by Faculty Mentors and through the Doctoral Studies Office. The evaluation process consists of:

- Semester Reviews
- Candidacy Review
- Final Examination of Research Project

It is important that participants provide constructive, honest criticism of each other. The Faculty Mentor will ensure that each student receives a review in each semester.

The standard forms used in the evaluation process are the Semester Review, the Candidacy Review Team Evaluation, and the Final Examination forms.

Instructors

Faculty Mentors

United Faculty Mentors serve as instructors for each focus group. Faculty Mentors are experienced in various areas of academia. The Faculty Mentor is the most important instructor in assisting students in the development of their semester papers and designing their research projects.

Faculty Consultants

United Faculty Consultants serve as resource persons for each focus group. With the Faculty Mentor(s), Faculty Consultants will assist students in developing the Theological Foundation for the final research project.

Professional Associates

Each student is required to seek the advice of experts in the field.

Master of Divinity (MDiv)

For those preparing to enter ministry as ordained religious leaders or as lay professional ministers

Purpose

The MDiv degree program is designed for those preparing to enter ministry as ordained religious leaders or as lay professional ministers. This program meets the requirements for ordination in most major Protestant denominations.

The MDiv degree program meets all the requirements for ordination in The United Methodist Church as established by the University Senate of The United Methodist Church. Each student must check with her or his own denominational judicatory regarding requirements for ordination. The seminary will assist each student in selecting courses to meet judicatory requirements.

The MDiv is designed for people who are:

- Preparing to enter ministry as ordained religious leaders
- Ministering as laity in church, non-profit or professional settings
- Pursuing growth through the academic study of Christianity

The MDiv is designed to enable students to:

- Demonstrate understanding of the content, interpretation, and function of the Bible in the Christian community
- Demonstrate appropriation of the major historical themes and theological loci of the Christian heritage
- Demonstrate understanding of the Church and its mission in local and/or global contexts
- Demonstrate deepening Christian faith and spiritual development characterized by mature self-awareness and self-direction
- Demonstrate the skills and perspectives necessary for leadership in the practice of ministry and the formation of disciples

Comprehensive in academic focus and process, the MDiv includes rigorous coursework in both academic and practical disciplines, along with the intentional worship and community life necessary for personal and professional development in ministry. It integrates experience and theological knowledge to develop faithful, fruitful leaders to make disciples of Jesus Christ.

The program's design requires that all students participate in contextual-theological experiences to increase sensitivity toward a multicultural world and to promote awareness that God's love and good will extend to the whole of humanity. Growth toward this objective is furthered by coursework that incorporates perspectives from, and texts written by, persons from a variety of cultures.

Within the collegial and consultative setting of the Contextual Ministry groups, students gain expertise in reflecting theologically on their ministerial experiences and classroom learning and benefit from the insight and experience of peers, scholars, mentors, and supervisors. Ministry Groups also provide helpful opportunities for students to set educational goals, share personal journeys, and engage in self-evaluation. As part of the Contextual Ministry experience, all Contextual Ministry students are required to participate in the seminary community's corporate worship life and Common Meal.

Contextual Ministries

The Contextual Ministries program requirements for the MDiv degree program include Contextual Ministry coursework, Field Education Placements, and the Contextual Theology Immersion Trip. Contextual Ministries encourages students to develop stronger skills in:

- Spiritual disciplines for a life of holiness amidst the development of professional competence
- Critical understanding(s) of church leadership and corresponding criteria for further development of leadership skills
- Well-bounded relationships for the support of self and ministry
- Discernment of gifts and call as means of professional thriving in ministry
- Identity development and self-understanding leading to a greater capacity to love
- Critical theological reflection that speaks to the church/world, yet weaves concrete experience of the Spirit
- Engagement of cross-cultural and interreligious understanding and communication

1. Contextual Ministry

MDiv students are required to take the following Contextual Ministry courses:

- CM510 Contextual Ministry 1
- CM511 Contextual Ministry 2
- CM610 Contextual Ministry 3
- CM611 Contextual Ministry 4

Contextual Ministry 1 and 2 must be completed before taking Contextual Ministry 3 and 4. Students should take either Contextual Ministry 1 or 2 in their first semester.

2. Field Education Placements

MDiv students are required to complete **two** units of Field Education.

One unit of Field Education is either:

- Summer internship of 20 hours/week for 10 weeks = 200 hours
- Academic semester internship of 13-15 hours/week for 15 weeks = 200 hours

A placement is negotiated between the field education site and mentor, and the student, with assistance and approval by the Director of Contextual Ministries. It is the student's responsibility to discern her or his interests and the type of placement in which she or he desires to learn and serve.

A listing of approved organizations/agencies and church sites is available through the Office of Contextual Ministries, and contains both voluntary (non-paying) and compensated positions, some of which qualify for Federal Work Study funds. Each student works on-site at the Field Education site and meets with a mentor weekly.

3. Contextual Theology and Immersion Program

The Contextual Theology & Immersion program is a faculty initiative designed to prepare students for encounter with Global Christianity and religious traditions in diverse cultural settings. The purpose of this initiative is:

- To develop sensitivity, deepen Christian discipleship, and heighten capacity for sustenance in interreligious and intercultural complexity(ies)
- To provide conceptual, liturgical, and practical introduction to theologies of religious pluralism and comparative theological deepening of discipleship
- To examine students' theological integration and preparedness for ministry in culturally and religiously pluralist environments through an international immersion experience, which concludes with a post-experience, critical theological reflection.

After completion of prerequisites – NT521 or OT504 (Introduction to NT or OT), TH502 Introduction to Theology, and PT510A/510B – Master of Divinity students are required, and other degree candidates are invited, to register for WR601 Methods of Interreligious and Intercultural Encounter. When registering for WR601, students should also register for WR602 and contact the Dean's Office to select a trip from an approved list. Trips generally take place during early January and end of summer August/September months. Students must complete WR601 at least the semester before their desired travel. The methods course is prerequisite to any travel. Upon successful completion of the course, which now includes the required submission of a copy of a valid passport, students participate in the immersion experience, which, as a rule, takes place outside of the United States and Canada within a cohort of no less than six students. Exceptions are granted only with the approval of the Academic Dean. The immersion trip must be completed prior to graduation. Spouses and older children are encouraged to participate when possible.

In service of students' learning, the monies for this program are interwoven into the fee structure of the MDiv degree program. An Immersion Experience surcharge of \$75 per semester hour provides a way for students to accumulate the funds needed for the Immersion Trip. The transcultural fee is automatically built in to all Master of Divinity courses taken at United. Additional funds might be raised from a student's congregation or in other ways, should the student choose a trip that exceeds the planned amount.

Any shared/transfer credit from other institutions will be entered on to the student record as Advanced Standing. Each credit hour of Advanced Standing will be charged a \$75 transcultural fee that goes towards the Immersion Experience trip. These surcharge funds are non-refundable, except for students officially transferring to another institution or withdrawing from the institution. In such cases, authorization will be needed from the Academic Dean. In addition, a 5% administrative fee will be assessed that will reduce the amount refunded.

The Contextual Theology & Immersion program initiative is a crucial opportunity to encounter other cultures, religious practices, and people of faith outside a student's previous worldview. The coursework, travel, and concluding reflections are designed to provide critically reflective and sensitively nuanced capacity in United graduates for rooted, Christian discipleship within a religiously and culturally pluralist world.

Graduate Non-Degree Certificates

For those seeking an introduction to theological education or to enhance their ministry opportunities

Purpose

United Theological Seminary provides a variety of non-degree programs to meet a range of needs for theological education.

Courses taken at the master's level non-degree programs may be counted for credit toward a degree program, should a student who enrolls in one of these programs apply and be admitted to a United degree program. See the "Change of Degree" section in the "Academic Policies and Procedures" chapter for more information.

A faculty advisor will be provided as a resource for students who enroll in non-degree programs for master's level credit, and these credits will be documented on a United transcript.

Courses taken for Continuing Education Units are not eligible for degree credit.

Combining practical training, academic study and mentoring, this program will equip you to be more effective in your ministry as you learn to reach all people in relevant and accessible ways.

- Disability in the Bible: Considering the diversity of embodiment in the Old and New Testaments, students will challenge and develop interpretations, and learn how to preach, teach and use texts in an honest yet sensitive way.
- Disability in the Christian Tradition: From Augustine to the 21st Century, theologians have grappled with questions of human ability and disability. This course invites students to consider and evaluate various works and how they might benefit their work.
- Disability, the senses and Scripture: The senses underpin our experience of the world, yet they are so frequently ignored in Biblical studies and in contemporary ministry. This course surveys the senses in Scripture, and moves from them to imagine how multi-sensory worship aids disability ministry.

All courses are offered fully online, require field education in your local ministry context, and run for eight weeks each. Face-to-face intensives at United are offered at the conclusion of each online course. The first two intensives run for one day each and the final intensive runs for four days. Course of Study Extension School

The Course of Study (COS) is a non-graduate level program prescribed by the General Board of Higher Education and Ministry (GBHEM) of The United Methodist Church for the education of persons serving as licensed local pastors.

The Course of Study School of Ohio (COSSO) is a Regional COS School established by the GBHEM Division of Ordained Ministry and housed at Methodist Theological School in Ohio (MTSO), located in Delaware, OH. United Theological Seminary (United) in Dayton, Ohio serves as an Extension School to the Regional School, educating only part-time local pastors.

The faculty is made up of well-qualified instructors, including faculty from the two seminaries and from the surrounding community. All are academically qualified, theologically grounded, and persons who care about the best interest of the students and the church.

As prescribed by *The Book of Discipline of The United Methodist Church*, each part-time licensed local pastor must complete two courses in an annual conference year; full-time licensed local pastors must complete four.

Hybrid COS Program: United was the first COS school to offer hybrid classes. Hybrid courses consist of one-half of each course being offered online and one-half offered in one weekend on campus.

Online Modules: The online portion of each course is taught in modules over a six week period. Most modules include an online lecture or video, required readings, and written interaction with other students and the professor.

Face-to-Face Session: Unlike standard COS classes, the hybrid format means you travel to campus for only one weekend. On the weekend, classes will be offered in a Friday/Saturday intensive format.

Transferability: All COSSO Hybrid courses offered at United are transferable to other UMCOS programs.

Advanced Course of Study

Upon approval by the Conference Board of Ordained Ministry, United Methodist local pastors who have completed the Basic Course of Study may meet the educational requirements for conference membership and Elder's orders by taking an additional 32 semester hours of graduate theological studies.

Coursework must be planned in consultation with a faculty advisor and be in conformity with the Guidelines for Advanced Course of Study published by the General Board of Higher Education and Ministry. United's MA degree program (36 credit hours) is designed for ACOS students to complete ACOS requirements.

Schools for Discipleship and Renewal

Office of Lifelong Learning/Continuing Education (CEUs)

United Theological Seminary offers Continuing Education Units (CEUs) based on the industry standard. A (CEU) is defined as 10 contact hours of participation in an organized continuing education experience offered under responsible sponsorship, capable direction, and qualified instruction.

The Kenneth H. Pohly Center for Supervision and Leadership Formation

The Pohly Center extends resources to judicatory leaders, seminaries, pastors, non-profit agencies, students, and lay persons who desire excellence in ministry for the areas of covenantal supervision, leadership development, faith-based conflict management, and effective church organization. The Center provides these resources through seminars, workshops, classroom, and online courses. Programs are offered at United and offsite locations structured to meet the needs of various settings and denominations.

In cooperation with United's doctoral program, the Center periodically establishes a Doctor of Ministry cohort group that focuses on leadership and covenantal supervision.

Harriet Miller Women's Center

The Women's Center works to nurture a theological community of women and men that value and promote women's leadership.

The Women's Center is named for Dr. Harriet L. Miller, the first woman faculty member at United. Dr. Miller taught at United from 1956 to 1987. The activities and events of the Women's Center are designed to provide opportunity for dialogue and encounter, as practiced and promoted by Dr. Miller.

Programs and projects of particular interest to women are periodically offered as collegial partnerships with other areas of the seminary.

The Center is on the second floor of the seminary and is open whenever school is in session.

Admissions

Introduction

United Theological Seminary seeks students who wish to deepen their personal and communal faith in Jesus Christ, experience and reflect on relevant issues facing today's Church, and develop competency in the practice of ministry.

Although each degree program is designed with unique objectives in mind, all degree programs prepare graduates for effective leadership in the Church and society.

Prospective students are asked to submit an application with the necessary supporting documentation that attests to an adequate academic record, an obvious awareness of God's call in their lives and the affirming witness of the gathered community.

Campus Visitation

United invites prospective students to schedule campus visits, preferably when classes are in session.

Visiting on a Tuesday or Wednesday during the fall or spring semester enables participation in community worship. Prospective students may attend a class of interest, meet current students and faculty, tour the campus, and meet with admissions staff.

In addition, United often sponsors special ministry events to assist prospective students in discerning their call into ministry. Participation in these activities offers prospective students another means to learn about theological education at United. Visit www.united.edu for dates, event description, and registration.

Persons planning to visit the campus on specifically designated dates or at other times should contact the Admissions Office two weeks in advance.

Application Information

Prospective students seeking admission to any of United Theological Seminary's degree programs may apply using our applicant portal located on our website at www.united.edu. Click on the "Apply Now" link on the admissions webpage to start your application.

Applications are evaluated for admission when all required documentation and fees are received. The Admissions Office responds to each applicant by email or phone regarding their admittance or denial of admittance.

Qualifying applicants are asked to indicate their response to the offer of admission by submitting their Letter of Intent within the applicant portal.

All application materials become the property of the seminary and cannot be returned. The seminary reserves the right to refuse admission to any student.

Master's Degree Admissions

Standards for Admission

All students admitted to United are asked to provide evidence of a growing faith, potential for exercising creative ministry in a professional capacity, personal maturity, and ability to relate well to others.

Applicants should have successfully completed an undergraduate degree (with a minimum grade point average of 2.5 on a 4.0 scale) from a regionally accredited institution. The Master of Theological Studies degree requires a minimum GPA of 3.0.

Application Process

To be considered for admission, prospective students must complete the following tasks on or before the appropriate deadline:

- Submit a completed application for admission including all requested written essays.
- Transcripts: Arrange for official transcripts of all education beyond high school to be sent directly from the colleges and universities to the Office of Admissions. Faxed copies are not accepted at any time.
- Recommendations: Request recommendations through the applicant portal.
- Application Fee: Pay a non-refundable application fee.
- Interview: An interview may be requested.
- Background Checks: United Theological Seminary requires criminal background checks on all applicants for courses offering graduate credit.
- Application materials are valid for one year from the time of submittal. After that period, a new application will be required to be considered for admission.

Application Timeline for Masters Students

Applications and all supporting documents must be received by the following deadlines:

- **Fall 2019:** All Master's programs by August 12, 2019
- **Spring 2020:** All Master's programs by January 14, 2020

Applications received after the published deadlines will be subject to a \$30 late application fee.

Prospective students seeking Student Pastor appointments in United Methodist churches and all International Students must submit application materials by January 15 before the fall Semester in which they intend to enroll.

Transfer of Credits

Shared Credit may be granted to students who request it on the basis of previous graduate level work completed for a degree at other accredited institutions.

Transfer Credit may be granted for credit earned at other schools recognized by the U.S. Department of Education or Council for Higher Education Accreditation, if that

credit has not yet been applied toward a degree, provided that the courses taken correspond to elements of United's curriculum.

In some instances, advanced standing will be granted for prior academic work. The Academic Dean's Office has sole responsibility for granting advanced standing. In some cases, United has formal agreements with other institutions, and in those cases the stipulations of the agreement will determine what, if any, advanced standing a student may receive, contingent upon the approval of the Academic Dean's office. In cases in which no formal agreement exists, the Academic Dean's office may grant advanced standing after reviewing the student's formal transcripts.

Applicants seeking advanced standing should submit their request in writing to the Admissions Department.

Once all official transcripts are received, the Admissions Officer will prepare an Evaluation of Advanced Standing. The Academic Dean's office will review this evaluation and sign it as being officially acceptable. The student is then notified of the results of the transcript evaluation. United will evaluate for advanced standing coursework completed within the preceding ten years.

United Methodist local pastors enrolled in the Course of Study program may be granted ten (10) semester hours of credit for a completed Course of Study or two (2) semester hours of credit for each year of completed coursework.

Master's degree students who enter United with shared or transfer credit must take at least the last third of the total hours at United and fulfill all the requirements for the degree.

To be considered for advanced standing, credits must have been completed within the previous ten-year period and must have earned a grade of B or better.

Advanced Standing with Credit

United may grant up to 25% advanced standing with credit (18 credit hours toward the 78 credit hour Master of Divinity and 9 credit hours toward the 45 credit hour Master of Arts in Christian Ministry) for students who have graduated from particular undergraduate programs that United has evaluated and determined to be of similar ethos and significant rigor.

After evaluation United has determined that students who have completed the following programs are eligible for Advanced Standing with Credit:

- Lindsey Wilson College: Christian Ministries Major
- University of Indianapolis: Religion Major
- Dakota Wesleyan: Christian Leadership Major
- Seminario Juan Wesley: Licenciatura Degree
- Vision International College Australia: Graduate Diploma of Christian Ministry and Theology

Students must have achieved the equivalent of a B grade or higher in any undergraduate courses to be counted toward advanced standing with credit.

Advanced Standing without Credit

Students who wish to substitute another course for an area requirement listed in the catalog shall submit a written rationale to the area faculty.

Upon receiving written permission from the area faculty, the student must also secure signatures from his or her advisor and the Academic Dean and submit the request and approvals to the Registrar. Email correspondence is acceptable if not able to conduct in person.

Non-Degree Graduate Status

Non-Degree graduate status is available to qualified applicants who wish to take courses without designating a specific degree program. Students are required to complete the Non-Degree Graduate application, pay a nonrefundable application fee complete our background check, and provide proof of undergraduate transcripts.

New Student Orientation

Completion of both online and on campus orientation provides the best foundation for student success at United. The online orientation course fee covers the cost of both orientation sessions. The orientation fee is assessed upon registration for the online orientation course.

ALL new students are required to complete a United online orientation course:

- New students are required to register for the online orientation course and complete it before registering for a second semester.
- Registration for a second semester will be prevented until this course is completed.
- Training for United Online, research tools, and other technology used by online and face-to-face students is available online and is part of the required Online Student Orientation.

The requirements for campus orientation are as follows:

- New students who are attending the CM510 Contextual Ministry 1 intensive week are required to register for the campus orientation course and attend it in September.
- New students taking classes at the Dayton campus during the regular semester (including those who begin in the spring term) are required to register for the campus orientation course and attend it their first September at United.

Masters Course Modalities

United offers courses in five modalities: traditional, online, LIVE, intensive, and hybrid. These modalities are offered to meet the needs of our growing student body. For course dates, see the Academic Calendar in the Course Planning Guide.

Dayton courses meet synchronously on campus during the traditional fourteen-week semesters in the fall and spring. Unless otherwise stated, Dayton courses meet on campus weekly for three hours.

Online courses meet during the traditional fourteen-week semesters in the fall and spring. Coursework is usually divided into weekly modules. Students can engage in weekly discussions, assignments, and other forms of course work at any time of the day or night, but should complete assignments by date they are due.

Online Learning has been developed as a learning modality that enhances the student's ability to learn from a distance (the teacher and students in different locations) with the same rigor and quality as learning within courses that are offered on campus. Learning via online modalities is not the same as learning in the classroom. The student will need to take responsibility for seeking answers and becoming a self-motivated learner. Online courses require good time management, planning, writing, and communication skills. All students will be required to complete the online orientation course to learn adequate technology skills, but students must be willing to learn technology quickly. There are helpdesk services available to students who need additional help at onlinehelp@united.edu.

LIVE (Live Interactive Virtual Environment) courses meet synchronously during the fall and spring semesters. LIVE courses allow distance students to join on campus classes via video conference. This technology has become increasingly reliable and stable; however, LIVE students will need a stable internet connection and webcam to access these classes.

Intensive courses run in January before the Spring semester begins. Intensive courses require students to come to a five-day gathering week. Intensive courses also require pre-work and post-work. Pre-work opens 4 weeks before the course meets on campus and is due before coming to the gathering week. Post-work is usually due two weeks after the gathering week concludes.

Hybrid courses require that more than 50% of course time is completed on campus. The rest of the coursework is completed in the online format. Most hybrid courses require four weeks of online work, 2 ½ days on campus, and then two more weeks online. The Contextual Ministry hybrids meet 2 ½ days on campus and then 6 weeks online. Hybrid courses meet United Methodist residency requirements.

Our broad selection of course modalities allows you determine which modalities best meet your needs. Online, LIVE, Hybrid, and intensive modalities allow students to learn from a distance without leaving your ministry context.

United strives to make theological education affordable

Introduction

United Theological Seminary strives to make theological education affordable through reasonable tuition costs, contextual education placements, and a financial aid and scholarship program. The Board of Trustees approves tuition rate changes on an annual basis. The current tuition and fees can be found on the seminary's website at www.united.edu.

Payment Policy for All Students

All tuition and fees must be paid prior to registration deadlines. Any outstanding charges from the previous semester will delay course registration until such charges are met. Failure to pay tuition in a timely manner may result in loss of academic credit for that semester.

All financial obligations to the school must be met in full prior to the date of commencement to receive a diploma. Students who do not meet these financial obligations may not participate in the graduation ceremony or receive a diploma or transcripts until all obligations to the school are fulfilled.

United permits payment by cash, check, Visa, MasterCard, Discover, or online at www.united.edu. All payments are to be made directly to the Business Office. Inquiries regarding payment and payment options should be directed to the Business Office.

Veterans Administration Payment Policy

United Theological Seminary will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries or other institutional facilities, or the requirement that a Chapter 31 or Chapter 33 recipient borrow additional funds to cover the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement of a payment by the U.S. Department of Veterans Affairs.

Deferred Payment Plans for Full-time Students

Full-time masters and doctoral students may arrange to pay tuition and fees for the fall or spring semesters on a deferred basis.

Students may pay their tuition for a semester in four monthly installments. The first payment is due at the time of enrollment. Subsequent payments will be automatically charged to the student's debit/credit card. The student will sign a Promissory Note. See the Business Office for details.

Charges incurred during the semester are due in full upon receipt of written notice from the Business Office and are payable in addition to any deferred payment obligations.

Delinquent Accounts

Students whose financial obligations are not paid in full are not eligible to register for the next semester or to receive transcripts, grades, enrollment verification, or degrees.

Financial obligations include tuition, fees, housing, library fines, and all other items billed by the seminary.

Students who have been submitted to United's collection agency must complete the following prior to re-enrollment and registration:

- Settle past due balance with collection agency
- Pay United \$1000 re-enrollment fee
- For the next two (2) semesters, the student is not eligible to use the deferred payment plan described above

Billing Disputes Procedure

Students whose financial obligations are not paid in full are not eligible to register for the next semester or to receive transcripts, grades, enrollment verification or degrees.

Failure to pay tuition in a timely manner may result in loss of academic credit for that semester.

Students anticipating graduation must pay in full all financial obligations to the school at least 14 days prior to the date of commencement. Students who do not meet these financial obligations may not participate in the graduation ceremony and will not receive a diploma until all obligations to the school are fulfilled.

Student Billing Complaint/Appeal Process

- Contact student billing with all billing issues and inquiries
- Student billing has 48 hours to research and resolve the billing issue. If the issue is resolved and both parties are satisfied with the outcome the complaint is closed. If the issue is not resolved or cannot be resolved by the student billing coordinator, then the student billing coordinator will start the appeal process.
- If the issue is not resolved or can't be resolved within the 48 hours then the student billing coordinator will start the appeal process by completing a special circumstance form. The student billing coordinator will list the issue/s and attached the appropriate documentation. The document is then forwarded to the following departments (Financial Aid and Registrar) for addition information that may assist with the review process. After each department has reviewed the document and attached information if applicable, then final review and approval is sent to the Academic Dean and the VP of Finance. If the student is in the DMIN program the final review and approval is sent to the Associate Dean of Doctoral Studies and the VP of Finance.
- Once the final approval has been determined, the document is signed by the approving parties (Academic Dean or Associate Dean of Doctoral Studies and the VP of Finance). The document is returned to student billing department. Student billing will notify the student by email of the final approval and the next steps.

Financial Aid

A financial aid package may include eligibility for Scholarships, Federal Work-Study, and Loans

Introduction

The Financial Aid Department works with students to determine and access resources available to support their theological education. Finances are handled with a view toward fiscal responsibility, integrity, accountability, and thoughtful planning. Financial assistance is available through both the seminary and outside sources. United attempts to present a comprehensive financial aid package which may include eligibility for scholarships, federal work-study, and loans. For a complete listing of financial aid principles and procedures, contact the Financial Aid Department, financialaid@united.edu.

Federal financial aid includes loans and federal work-study.

United offers scholarships to students who are enrolled in the Masters or Doctoral degree programs, as well as the Pre-Doctoral program and BGTS certificate. Scholarship applications are reviewed by a diverse Scholarship Committee made up of faculty and staff of United. Students must maintain a minimum G.P.A of 2.5, unless specified by the scholarship. Awards will be based on credit hours for the semester, if a student drops or withdraws from a course, the scholarship will be adjusted accordingly. - Maintain satisfactory academic progress as determined by academic course load and grades

The Federal Student Loan Program offers graduate students unsubsidized loans only. Unsubsidized loans do not require students to demonstrate need. Repayment for all loans begins six (6) months after the last date of enrollment or if the student drops below 6 credit hours. Students should contact the Financial Aid Office for further information.

A Master Promissory Note (MPN) and entrance counseling must be completed when using federal loans. The MPN and entrance counseling can be completed online at studentloans.gov.

Graduate Plus loans will only be available to students who started in a Masters Degree program after July 1, 2014, if they have reached their aggregate loan limit. Students that are close to their aggregate loan limit may be required to participate in financial aid literacy counseling.

Denominational Assistance

For many major denominations, including The United Methodist Church, there are grants, scholarships, and loan assistance. Students are encouraged to consult their denominational offices early in the year for policies, procedures, and the denomination's application process.

Employment Opportunities

Students wishing to work on campus or off campus who are eligible for need-based financial aid may be employed through the Federal Work-Study program. Students are eligible to work up to 20 hours per week. Some contextual education placements can be funded through the work-study program. Positions may not be political or faith-based.

In addition, churches frequently contact United requesting students for staff positions. MDiv students may complete Contextual Education credit requirements for the second year through this program.

A full-time academic load requires 36-45 hours per week in class and study. Additional time spent in employment or other activities should be understood as over and above an already full week.

Caution must be exercised in accepting on-campus and off-campus employment that may place excessive time demands on full-time students.

Scholarships

In addition to loans available through Financial Aid, United Theological Seminary provides opportunities for scholarships.

These scholarships are funded largely through endowed scholarships and the annual fund supported by United alumni/ae and friends. Available scholarship information can be found on the portal. Questions can be sent to scholarships@united.edu.

To be eligible for scholarships:

- Students must be enrolled in one of United's Masters or Doctoral degree programs, the Pre-Doctoral program or Basic Graduate Theological Studies program.
- Entering students must have at least a 2.5 cumulative GPA in their undergraduate degree and/or previous graduate studies.
- Continuing students must maintain a cumulative GPA of 2.5, unless specified by the scholarship.

Most scholarships give preference to students with outstanding academic records.

Application Process

Submit the scholarship application with all requested documents through the United Applicant Portal by the deadline. Students will receive award notification by the Student Aid committee. The deadline for returning students is March 1 for the coming academic year. Deadlines for new students are July 1 for the fall semester and December 1 for the Spring semester. For more information visit scholarships.united.edu.

Awards

Scholarship awards vary in amounts. Full financial packages may be a combination of scholarships, work-study opportunities, and federal loans. As funding allows most scholarships will be renewed each year as long as the student continues to meet eligibility requirements.

Acceptance of any institutional awards (scholarships, tuition waivers, or tuition discounts) will cause federal student loans to be decreased by an amount equal to the scholarship award accepted. Whenever possible the federal student loan would be

adjusted prior to the issuance of the financial aid award letter. In cases where the student declines the institutional scholarship award the loan amount will be adjusted accordingly.

The reduction of the loan process is to ensure there is not an over-payment in excess of the cost of attendance; as well as assist with the reduction of loan debt upon graduating or leaving the seminary.

Student Financial Aid Refunds

United Theological Seminary works hard to disperse financial aid refunds to students as soon as possible. Typically, students who are eligible for a refund can expect to receive it 4-6 weeks after the official drop date for a given semester. Though students may expect a refund, they should make plans to begin the semester without relying on the refund. Please note refunds are received after classes begin. Students will need to purchase textbooks or other classroom material prior to receiving a refund, to prevent from getting behind with coursework.

Federal Refund Policy – Withdraws

If a student begins the official withdrawal process or provides official notification to the school of his or her intent to withdraw, the date of the seminary's determination that the student withdrew would be the date the student began the official withdrawal process or the date of the student's notification, whichever is later. If a student did not begin the official withdrawal process or provide notification of his or her intent to withdraw, the date of the institution's determination that the student withdrew would be the date that the school becomes aware that the student ceased attendance.

Student aid is posted to the students account at the start of each period; however aid is earned for the funds as the student completes the period. If a student withdraws during the payment period of enrollment, the amount of Title IV assistance earned up to that point is determined by a specific formula, called the "Return of Title IV Funds Policy" calculation. The policy states if a student withdraws, ceases to attend classes, or is dismissed from all classes, the Financial Aid Office is required by Federal regulations to recalculate Federal aid, with the exception of work-study earnings.

The amount of assistance that is earned is determined on a pro rata basis. For example, if the student completed 30% of their payment period or period of enrollment, the student earns 30% of the assistance originally scheduled to receive. Once the student completes more than 60% of the payment period or period of enrollment, they earn all the assistance they were scheduled to receive for that period. If all the funds earned have not been received, a post-withdrawal disbursement may be due.

If a student received less assistance than the amount earned, those additional funds may be available to be disbursed to the student. This process is called a post-withdrawal. If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. The student may choose to decline some or all of the loan funds to avoid incurring additional debt.

If a student received more assistance than earned, the excess funds must be returned by the school and/or the student. This could result in returning loan funds to the lender, and a balance due on your student account that must be paid in full prior to registering for a future course.

All Return to Title IV Funds will be processed within 30 days after the financial aid office is notified that the student has ceased attending.

Funds will be returned in the following order:

- Unsubsidized Federal Stafford Loan
- Grad PLUS Loan

It would be in the student's best interest to contact financial aid before dropping or withdrawing from a course to determine if you will owe a balance to the school.

Academic Policies and Procedures

Introduction

Upon acceptance, all students agree to abide by the school's policies and regulations. For more descriptive information about United's policies and regulations, consult the Student Handbook. The school reserves the right to change or revise the information in this catalog regarding tuition, fees, courses, and conditions for admission. Any changes will be communicated to students as promptly as possible.

Inclusive Language

United Theological Seminary is committed to equality for women and men of every racial and ethnic background.

The seminary urges students, faculty, and staff to use language that exemplifies respect, dignity, and equality in conversations with seminary colleagues, in public discourse, in classroom discussions, and in writing. Guidelines are included in the Student Handbook.

The Academic Integrity Policy

This policy is in effect by the vote of the faculty and approved by the Board of Trustees as binding for all students of United Theological Seminary: degree and non-degree, all Masters programs, and the Doctor of Ministry program.

The purpose of this policy is to clarify and codify the rights and responsibilities inherent in the faculty-student relationship of this community. Academic integrity is integral to formation of Christian character in servant leadership for the church.

Academic integrity is characterized by mutual respect, honest inquiry, and honesty in the discovery and dissemination of knowledge, including academic instruction, evaluation, study, research, writing, preaching and all communications related to worship and learning in this community.

Dishonesty in academic work is a serious violation of scholarship and community, just as stealing another person's property is illegal and harmful to persons. Students are to accept, embrace, and live in harmony with the concept of academic integrity. Academic integrity includes fair and impartial evaluations on the part of faculty and honest conduct on the part of the students. Consistent with Christian and academic standards, the following conducts are expected:

- Faculty and students are expected to attend classes when scheduled, keep scheduled appointments, make appropriate preparations for classes and other meetings, students should submit assignments when due and faculty should perform evaluations and grading in a timely manner.
- Faculty should use reasonable accuracy in describing course expectations and standards of evaluation, inclusive of the limits of permissible assistance and available to students during a course or academic evaluation.
- Academic evaluations should be based upon good-faith professional judgment in accordance with applicable standards.

- Cheating, fraud, and plagiarism are three types of academic dishonesty that are a violation of this policy inasmuch as the integrity of the academic process requires that credit be given where credit is due.

Cheating may include stealing another person's answers to items on an examination or breaking rules in order to gain an advantage, as well as providing assistance during an academic evaluation. Cheating includes engaging in the intentional and unauthorized purchase, sale, or use of any materials intended to be used as an instrument of academic evaluation in advance of its administration and engaging in conduct that is so disruptive as to infringe upon the rights of faculty members or fellow students.

Fraud is also known in biblical language as "bearing false witness" and may include lying; giving false information in admission documents; altering records of grades and narrative evaluations; misrepresenting your status in relation to the Seminary in any setting of course work, contextual education, Clinical Pastoral Education, Intercultural trip, or other off-campus Seminary- related experience; acting as or utilizing a substitute for another person in any academic evaluation; and attempting to influence or change your academic evaluation or record for reasons other than achievement or merit.

Plagiarism is submitting the work, ideas, representations, or words of another and claiming it as your own, such as copying text from a book or journal, copying text posted on an internet site, or purchasing a paper from someone (a "paper mill"). Plagiarism can also be called "stealing," as in the practice of claiming as your own the information or results of research projects that were actually conducted by someone else. Plagiarism is also knowingly permitting another to present your own work without customary and proper acknowledgement of the source.

Violations of this policy may have serious consequences for students as explained in the Procedures below. Instructors are encouraged to post a reference to this policy, a statement of standards for assignments, and consequences for violation of the policy and course standards in their syllabi. Not doing so does not constitute exemption of anyone from adherence to this policy or the enactment of the procedures described below.

For additional information, students may find helpful the discussion of intellectual honesty in Nancy Jean Vyhmeister's reference manual, *Quality Research Papers: For Students of Religion and Theology*. Master's students are encouraged to purchase this reference manual when they enroll in classes at United. This and other style manuals are available in the United library and may be purchased from online booksellers.

The Academic Integrity Procedures

One who is accused of violating the Academic Integrity Policy ("the policy") is entitled to due process that may include an investigation and review of the charges under the supervision of the Academic Dean. The following steps should be followed in reporting an incident of academic dishonesty.

- Who may report an incident: Members of the faculty, instructors, Doctor of Ministry mentors, staff members, employees, members of the administration, and fellow learners at United may submit evidence of a violation of the policy directly to the course instructor or to the Academic Dean. If the incident is first reported to the Academic Dean rather than to the instructor or mentor, or to any other party, the instructor or mentor will be informed of the incident unless, at the discretion of the Academic Dean in consultation with the President, there is justification to do otherwise.
- Investigation: In most cases, the instructor will be charged with initiating the investigation. In some cases, the instructor may elect to refer the case directly to the Academic Dean or Dean's proxy for investigation. The instructor or Doctor of Ministry mentor will gather documentation of the incident and complete a Report of Academic Dishonesty.
- Document the Incident: Documentation may include the paper or examination in question, the signed statement of another party who witnessed the incident, a copy of the original text or material in question that was found in a book, journal, internet site, tape, CD, DVD, floppy disc, or other medium, and any other evidence of the incident. The context of the incident may be any setting of teaching and learning, i.e., classroom, contextual education, transcultural trip, Contextual Ministry group, etc.
- Meet with the student: The investigator of the incident will meet with the student to determine the facts. An impartial observer should be present. Others who witnessed (first-hand) the incident should be present. The signatures of all persons present should be obtained on the Report of Academic Dishonesty. The student's signature indicates informed consent to the procedure.
- Notification of Resolution: If the instructor or mentor finds evidence of violation of the policy, the instructor or mentor may respond in several ways: give a failing grade for the course; offer the opportunity to revise the assignment; or recommend additional intervention by the Academic Dean.

The instructor will indicate the recommendation of resolution on the Report of Academic Dishonesty and forward that form and copies of all documentation to the Academic Dean.

The student will receive a copy of the Report of Academic Dishonesty by postal mail or document delivery service, with a tracking number and delivery confirmation receipt attached.

- No violation has occurred: If the initial investigation determines that violation of the policy did not occur, no additional action will be taken.
- Administrative Intervention: If additional intervention of the Academic Dean is required, the Dean may resolve the case in one of several ways: place the student on academic probation for one year; suspend the student from enrollment with the requirement of remedial education in academic processes of research and writing, with re-admission on probation after one year, according to the Seminary's policy and procedures stated elsewhere; or immediate and permanent dismissal from the Seminary.

The Academic Integrity Appeal Process

A student, who through due process described above, is found to have violated the Policy of Academic Integrity, may appeal outcome of the procedure by submitting a request to the Academic Dean. The process of appeal is outlined as follows:

1. **Number of Appeals:** One. A student is only eligible to appeal a first properly confirmed incident of having violated the Academic Integrity Policy. If the incident is not overturned as a result of the appeal, any subsequently confirmed (by due process) incident will be cause for immediate and permanent dismissal from United Theological Seminary.
2. **Time Limit:** A student must initiate an appeal of the decision within fifteen working days (holidays and weekends excluded) of having received the resolution of the incident from the instructor, the Doctor of Ministry mentor, or the Academic Dean.

The beginning date of the time limit will be documented by the student's signature on postal or document delivery service receipt. A student's appeal will proceed on a date and time agreed upon by the student and the Academic Dean, in consultation with other designated participants.

A student's failure to keep the appointment of the appeal will serve as the student's acceptance of the terms of the resolution of the incident and no additional appeal may be filed.

3. **Who Should Attend the Appeal:** In most cases, the appeal hearing will be presided over by the Academic Dean. The hearing will be attended by the student, the Academic Dean, the instructor or Doctor of Ministry mentor who initiated the investigation and one additional member of the faculty of United Theological Seminary who is chosen by the student.

The student may invite to the hearing one support person. The support person chosen by the student may not be an attorney, a spouse, a parent, a sibling, or a child. In extraordinary circumstances, the student and other members of the session may attend the hearing by conference call.

The Appeal Hearing Report will be signed by all who are present. Conference call attendee signatures will be obtained by fax, postal mail, or document delivery service.

The assignment of expenses for the appeal will be made upon disposition of the hearing. If the charge of academic dishonesty is upheld in any way, the student will be responsible for the expenses. If the student's support person incurs expenses in the appeal process, the student will be responsible. If the finding of academic dishonesty is overturned on appeal, the Seminary will be responsible for the expense.

4. **Basis of Appeal:** A student must provide documentation in support of arguments against the resolution of the incident.
5. **Duration of Appeal:** A student's appeal will be heard in one sitting. Deliberation and notification of the outcome will take place within fifteen days following the hearing, holidays and weekends excluded.
6. **Outcome of the Appeal:** The student will be informed in writing by the Academic Dean of the outcome of the appeal. The outcome of the appeal may take one of the following forms:
 - a. No action—the appeal is denied, and the instructor's or mentor's resolution of the case is affirmed.
 - b. The student receives a grade of NC (no credit) for the course and continues to be enrolled on academic probation for one year. If the student wants credit for the course, the course must be repeated at the student's expense.
 - c. The student is suspended from enrollment for one year and must complete one year of remedial study at the college level and at the student's expense, emphasizing research, writing, or other medium and context in which the violation occurred.
 - d. Upon application for re-admission, the student must provide documentation of having completed the remedial education (writing, public speaking, statistics, multimedia, HTML, XML, etc.).
 - e. The finding of having violated the Academic Integrity Policy is overturned and documentation is removed from the student's file.

The forms required for reporting Academic Dishonesty may be acquired from the Academic Dean's Office.

Academic Schedule

The school year consists of two semesters—fall semester (July–December) and spring semester (January–June)

Masters courses that are offered in online, LIVE, and on-campus formats run for fourteen weeks. Masters intensives are offered in January, June, August, and September and run for one week per course.

Make-up Days Due to Campus Closings

In the event that classes are cancelled due to inclement weather, power outages or other unforeseen circumstances, make-up days will be decided by the instructor in consultation with students.

Faculty Advisors/Mentors

Upon admission to United, each student is assigned a faculty advisor who assists with the development of an appropriate program of study.

Although every effort is made by the faculty and academic staff to assist students in planning to meet all requirements within their degree program, the student is fully responsible for meeting the requirements and deadlines specified in the degree program.

The catalog, Student Handbook, and official academic notices serve to inform students of academic requirements and policies.

Registration

Registration for fall semester opens during/around the second week in April and for spring semester during/around the third week of October. Dates for both are announced via email, the student portal, and on the website. Beginning degree students work with the Director of Student Services to register once they have returned their Letter of Intent to the Admissions Office following admission to a degree program.

In order to register for any semester, the necessary financial arrangements must be made in advance. Previous account balances must be paid in full before registration will be permitted.

Registration is not complete until tuition is paid or until payment of the first installment for full-time students (those taking nine or more semester hours of credit). Student recipients of Stafford Loans are not eligible to pay tuition in installments because of federal guidelines. Payment by VISA, MasterCard, or Discover is an option.

Registration Deadlines

Registration (tuition payment) deadlines for continuing Masters students:

- Fall Semester: Two weeks prior to full term semester start date
- Spring Semester: Two weeks prior to full term semester start date

Registration (tuition payment) deadlines for continuing Doctoral students:

- Fall Semester: Friday, one week prior to the August Intensive
- Spring Semester: Friday, one week prior to the January Intensive

The registration is late and will incur late fees on the following schedule:

- Fall Semester late fee will be assessed after August 31
- Spring Semester late fee will be assessed after December 31

The registration is late and will incur late fees on the following schedule for Doctoral students:

- Fall Semester: Monday of the August Intensive
- Spring Semester: Monday of the January Intensive

Change of Degree

A student who wishes to change from one degree program to another or to add a degree must submit a "Change of Degree" status request in order to be admitted into the new degree program. These forms are obtained from the Admissions Office or the Registrar's Office.

Withdrawal from Seminary

Any student wishing to withdraw from seminary prior to the completion of a degree program must submit the "Intent to Withdraw" form. This form is available from the Admissions Office.

Students are expected to consult with faculty advisors prior to formalizing this process. Additional interviews may include Contextual Education and Financial Aid.

Unofficial Withdraw and Administrative Withdraw

Due to regulations and the definition of what defines an "F" failing grade, the US Department of Education has required Institutions of Higher Education to adopt a grade that reflects such issues as a student who has begun a course of study but never completes the course during the registered term (i.e., they stop attending, turning in work, or discontinue any educationally related activity/contact with the course/instructor. United has adopted a "UW (Unofficial Withdraw) as this grade. If a student does not complete the term they cannot arbitrarily be assigned an "F" grade. They must be given a "UW" on all official grading platforms.

If a student has been inactive for two consecutive terms, their student status will change from "Current" to "Administrative Withdraw." If a student is Administratively Withdrawn, and wishes to resume coursework at United, they would need to contact the Admissions Office.

Name Corrections and Changes

Students and graduates who wish to correct misspelled names or to change their names on official records are required to present sufficient identification (e.g., driver's license, marriage license, court order, or other official identification), along with a written request, to the Registrar's Office.

The cross-registration agreement excludes all online courses except through Payne Theological Seminary, Lindsey Wilson College, Northeastern Seminary, Southwestern College, Fuller Theological Seminary and Winebrenner Theological Seminary.

Schedule Changes and Refunds

Prior to any schedule changes taking place, students should consult with their academic advisor and the financial aid/scholarship offices if they are receiving any aid. Schedule changes can be made through the student portal or by contacting the Registrar's office.

In Fall and Spring Semesters classes may be added before the semester begins. Classes may also be added through the first week of the semester provided they have not met more than once.

Withdrawal from a course is allowed until the final withdrawal date which can be found on the student portal and results in a grade of "W." This does not impact the GPA, however, the student will be charged full tuition for the course.

Advanced Standing without Credit

Students who wish to substitute another course for an area requirement listed in the catalog shall submit a written rationale to the area faculty.

Upon receiving written permission from the area faculty, the student must also secure signatures from his or her advisor and the Academic Dean and submit the request and approvals to the Registrar. Email correspondence is acceptable if not able to conduct in person.

Directed Study

Students may negotiate with full-time faculty to take a Directed Study. A Directed Study will not be approved for introductory work and will not ordinarily be provided for courses listed in the catalog that are already scheduled. No more than one Directed Study may be taken in a term.

Approval must be secured from the student's advisor, the professor conducting the Directed Study, and the Academic Dean for masters level students or the Associate Dean of Doctoral Studies for doctoral students. The Directed Study form is available on the United website in the Registrar section under Registrar Forms.

Visiting Student Policy

Persons who do not seek admission into a degree program may enroll as visitors, space permitting, in courses identified by the instructor as being open to this option. The Visiting Student must enroll for the course through the School for Discipleship and Renewal. Registrations are accepted only during the two weeks preceding the desired course module.

The Visiting Student must fulfill course syllabus requirements, which may include required readings, class attendance and other appropriate forms of participation. Visitors will not be required to submit written work for evaluation nor to take examinations. A list of visitors enrolled in the class will be provided to the instructor before the class begins.

Language Studies

There are no language requirements for master's level programs. Students are encouraged, however, to study Hebrew and Greek to enhance their work in biblical studies.

Auditing Courses

For Degree Students

Students enrolled in master's degree programs may audit courses subject to the approval of their advisor and the instructor of the course and payment of the audit fee. Audits can be changed to credit registration prior to the beginning of the course. Credit courses may be changed to audit on the same tuition refund basis as withdrawal from a course. All audits will appear on the transcript.

Spouses of degree students may audit one course per semester without charge subject to the permission of the instructor. No transcript record is maintained and no academic credit is given.

Alumni/ae may audit courses subject to the permission of the instructor and the Registrar and upon payment of the audit fee. All audits will appear on the transcript.

For Non-Degree Students

Qualified persons who are not in degree programs may audit courses upon admission to the seminary in the Non-Degree Graduate status category, the permission of the instructor, and payment of the audit fee. A Non-Degree Graduate application must be submitted to the Admissions Office. A bachelor's degree or higher is required to apply for admission as a Non-Degree Graduate.

As an auditor, the student must fulfill the requirements stated for auditors; these may include required readings, class attendance and other appropriate forms of

participation. Auditors will not be required to submit written work for evaluation nor to take examinations.

Auditors will be listed as such on class lists and grade sheets.

Audited classes will appear on transcripts. Audited courses cannot later be changed from audit to credit.

For Non-Degree Pastors

Qualified pastors who are not in a degree program may audit Dayton courses for free upon acceptance to the Seminary in the Special Student classification and the permission of the instructor. Auditing pastors are required to submit a background check to admissions prior to consideration for acceptance in the Special Student classification.

Auditing pastors must fulfill the requirements stated for auditors; these may include required readings, class attendance and other appropriate forms of participation. Auditors will not be required to submit written work for evaluation nor to take examinations. Continued participation in the course and the decision to grade any assignments will be left to the instructor's discretion.

Procedures for Auditors

All audit requests will be processed through the Office of Admissions and the Registrar. Auditors are required to apply for admission in the Special Student classification before enrollment in classes to be audited. The Office of Admissions will handle the admission or acceptance process. The Registrar will receive the student's file upon being admitted or accepted and will proceed with processing the audit request. The Registrar will maintain the transcript record.

Grade and Academic Deficiency Policy

This policy provides instruction for grade procedures and resolution of academic deficiencies at United Theological Seminary.

Satisfactory Academic Performance

- Grade Point Average of 2.0 or above.
- Pace of completion for a master's degree program is a maximum of ten consecutive years.
- Transfer credit hours approved by the Academic Dean do not count toward a student's cumulative GPA.
- All "W" (Withdraw) grades are excluded from the GPA calculations.

Grade Submission

- Senior grades are due at **NOON** one week prior to the end of the semester.
- All grades are due at **NOON** two weeks following the last day of the semester/Graduation.

Academic Deficiencies:

1. Definitions:
 - a. Academic deficiency is defined as a course grade or combination of course grades that prevents a student from graduating.
 - b. A cumulative grade point average (GPA) of at least 2.0 is required across all courses is needed to satisfy the student's degree requirements.
 - c. A student may not graduate if he/she has any unresolved grade of "F," "NC," or "I" in any course.
2. Resolution:
 - a. If the GPA is below the required 2.0 minimum the student may remedy the deficiency by taking additional courses. An education plan will need to be established with the student and advisor and the student will be

- placed on a registration hold so the GPA can be verified at the end of the semester.
- b. For grades of "F" or "NC" the student can remedy by repeating the course. The original grade will not be removed from the student's record/transcript; however, the original grade will be omitted from GPA calculation.
 - c. Students cannot substitute another course for a failing grade.
 - d. Unsatisfactory thesis grades may only be remedied by completing the thesis satisfactorily. Doctor of Ministry students may enter into project continuation for a total of two consecutive semesters.
 - e. Incomplete "I" grades are given for inability to complete required work in a course (**NOTE: Adjunct professors are not permitted to issue "I" grades without the approval of the Academic Dean.**) A grade of "I" will be given to students with extenuating circumstances at the professor's discretion with the exception of adjuncts. The student must resolve the "I" grade 30 days after the semester ends. A student cannot graduate with a grade of "I."
 - f. Awarding a grade of "I" requires approval from the professor and the completion of the incomplete grade request form. If the student needs more time an incomplete extension form can be completed and requires approval from the professor and the Dean. Both forms will specify the date the student is to complete all work and the grade that will be earned if the student fails to complete the required work by the deadline. If no grade is specified a grade of "F" will be awarded. The original form with the appropriate signatures will be submitted to the Registrar.

Academic Probation and Dismissal

It is the policy of United Theological Seminary to review all students cumulative grade point average every semester to ensure it is above the satisfactory academic guidelines established by the Academic Dean's Office. Full-time student's cumulative grade point average (GPA) will be calculated after the completion of one semester. Part-time student's cumulative GPA will be calculated after the completion of nine credit hours.

Academic Probation

A student who drops below 2.0 GPA will be placed on academic probation.

A student that is placed on academic probation will be notified by letter from the Academic Dean's office.

A student on academic probation will not be allowed to take more than nine credit hours per semester until the GPA is 2.0 or better.

The completion of a written academic plan will be required for a student to continue studies under academic probation and before the student can register for the next semester. The plan must detail the steps/methods in which a student will work to raise his/her GPA to satisfactory. The academic plan must be created & signed by the student and his/her advisor then turned into the Academic Dean's Office. A signed

copy of the academic plan must be sent to the Registrar's office to be filed in the student's permanent record.

The student will need to contact financial aid to discuss his/her eligibility for financial aid funds while on academic probation.

The full-time student's cumulative GPA will be calculated at the end of two semesters. If the student's GPA has not risen to a 2.0 or above, the student will be dismissed.

Part-time student's cumulative GPA will be calculated after completion of 18 credit hours.

A student dismissed due to academic probationary guidelines not being met are able to apply for readmission after one full year.

Academic Probation Appeal Process

Students that are notified by letter of unsatisfactory academic progress (below 2.0) have the right to appeal this decision through the Academic Dean's Office. This appeal must be submitted in writing for review by the Academic Dean. The letter must detail the following: 1) Why the student failed to make satisfactory progress and 2) What special extenuating circumstances exist (i.e., death of a relative, injury, major illness, etc.). Students who appeal must do so prior to the beginning of the next academic semester to ensure proper handling of the student's record. Once the appeal has been reviewed, the decision of the Dean is final. Students will be notified of this decision in writing within 30 days of receipt of the appeal letter.

Academic-Based Dismissal

- If the student's GPA has not risen to a 2.0 or above, the student will be dismissed.
- The student will be informed by receipt of a letter from the Academic Office.
- A student that is placed on academic probation for a second time will be automatically dismissed.

A student dismissed due to academic probationary guidelines not being met is able to apply for readmission after one full year.

Dismissal Appeal Process

Students that are notified by letter of dismissal based on unsatisfactory academic progress have the right to appeal this decision through the Academic Dean's Office. This appeal must be submitted in writing for review by the Academic Dean. The letter must detail the following: 1) Why the student failed to make satisfactory progress and 2) What special extenuating circumstances exist (i.e., death of a relative, injury, major illness, etc.). Students who appeal must do so prior to the beginning of the next academic semester to ensure proper handling of the student's record. Once the appeal has been reviewed, the decision of the Dean is final. Students will be notified of this decision in writing within 30 days of receipt of the appeal letter.

Students with F-1 or J-1 Visas

New Student Orientation

F-1 and J-1 international students are required to participate in the on-campus orientation session conducted in the first fall of their attendance.

In addition, a supplemental international student orientation will be scheduled at the beginning of each fall and spring term. All international students are required to participate in this orientation. Content of this orientation provides additional guidance for both academic and student affairs.

Student Registration

The Registrar will register all F-1 and J-1 international students for classes. Students are required to complete a Registration Request Form for each term. This form must be signed by the student's Academic Advisor and submitted to the Registrar by the registration deadlines.

F-1 and J-1 international students are required to be registered full-time (9 or more semester hours) each term unless they complete a Reduced Course Load Form available from the Director of Student Services. This must present a viable reason for approval such as a major illness, a family crisis or final semester work.

F-1 and J-1 international students are expected to take classes that meet through the semester unless they are only available in an intensive week format. They are only permitted to take one (1) course online in a term.

Semester Check-In

F-1 and J-1 international students are required to check in with the Director of Student Services within the first two weeks of each term. The Director will confirm their presence, validate passport entry dates to the United States and update the student SEVP record.

The Director of Student Services verifies proof of insurance on an annual basis with all J-1 students. J-1 international students are required to have health insurance for themselves and their dependents. However, United suggests that all international students obtain health insurance. Insurance policies must be compliant with Department of State regulations.

Employment Relating to F-1 and J-1 International Students

The Associate Director of Admissions and staff perform all SEVP functions for F-1 and J-1 visa holding international students related to employment.

F-1 visa holders must wait one year before working off-campus. Work is limited to 12 months. F-2 visa holders are not permitted to work.

J-1 visa holders may work either on or off campus upon arriving in the U.S. J-2 visa holders are permitted to work after obtaining employment authorization.

F-1 and J-1 international students should email the admissions office at admissions@united.edu for information and guidance regarding employment regulations.

Residential International Students

F-1 students must be present in the United States within every 5 months. They are required to have a United SEVP official travel signature no later than 1 year old to re-enter the United States. International students should make arrangements in advance to ensure adequate time to obtain this.

All international students are to notify the Director of Student Services when they will travel out of state. The notification should include the date of departure, the destination, the date of return and a cell phone number if available.

Status Termination

F-1 and J-1 international student records in the Student Exchange Visitor Program must be terminated for the following reasons.

- Insufficient funds for education and/or living expenses
- Failure to be in the United States within 5 months of previous stay (F-1 Visa students)
- Failure to provide evidence of current health insurance (J-1 Visa students)
- Academic suspension in good standing

The Director of Student Services will prepare and sign a termination notice and terminate the student's record in the Student Exchange Visitor Information System.

The Director will also notify the student of the requirement to depart the U.S. within 30 days. Legal counsel may be sought to review for compliance.

Resources for Theological Education

O'Brien Library

Print and digital resources are valuable to the theological enterprise.

The library's online catalog provides easy access for searching the collection. The web address is <https://utsdayton.on.worldcat.org/discovery/>.

United Theological Seminary Archives

The Seminary Archives consists of administrative papers, Seminary publications, photographs, audio and audio-visual recordings, faculty publications and papers, and artifacts documenting the history of United Theological Seminary. Many of these historical materials are made available for research purposes upon request by contacting the Director of the Library at 937.529.2201 x 3400 for assistance. Requested materials will be brought to the EUB Heritage Center for use by patrons. This room is open to the public 10 a.m. to 5 p.m. Tuesday – Friday each week that the library is open.

Print and Media Collections

The library contains more than 150,000 books, periodicals, audio and visual materials, micro-forms, computer software, and other materials. More than 450 periodical titles are received and indexed through the ATLA Religion Database with ATLA Serials.

The library's circulating collection of books consists of more than 120,000 volumes maintained in open stacks.

In addition, the library maintains limited circulating collections for reserve books, media, and the denominational collection relating to the former Evangelical United Brethren Church. Collections restricted to library use include the reference and periodical collections, microforms, rare books, and archives.

Special collections include the Edmond S. Lorenz Collection of early American hymn and songbooks, the J. Allan Ranck Collection of the Friendship Press, the Union Biblical Seminary Collection, and the Waldensian-Methodist Collection.

Together these collections support study and research in Biblical studies, theology, church history, practical ministry, and the curriculum of United's degree programs.

Electronic Resources

Patrons can access bibliographic tools and resources in the library including the ATLA Religion Database with ATLA Serials, Old Testament Abstracts, New Testament Abstracts, the Bible and other teaching/learning media and educational resources. Patrons can also access Ministry Matters, an online teaching, preaching, worship, and outreach resource through Cokesbury (UMC) that also provides full-text articles and online reference materials, such as biblical commentaries and dictionaries.

Library Services and Facilities

The professional library staff provides reference service and online searching assistance. Resources not held by the library can usually be obtained for current students, faculty, and staff through the interlibrary loan service.

A photocopier and a microform reader printer are available (a minimal charge applies for non-United affiliated patrons.). Two study rooms are available to individuals and groups for quiet study.

Services to students enrolled in United Theological Seminary programs beyond Trotwood are provided by local libraries on-site through interlibrary loan. Students at these sites may communicate with the O'Brien Library by email to request materials, reference services and bibliographic assistance.

Resource Sharing

United's library participates in regional resource sharing arrangements that make its collections known and available through the Online Computer Library Center (OCLC).

Its memberships and participation in the American Theological Library Association (ATLA) and the Ohio Theological Library Association (OTLA), reflect its long-standing commitment to library resource sharing.

United students have access to borrowing privileges at the Dayton and Montgomery County Public Library system when presenting a valid student ID card.

Center for Evangelical United Brethren Heritage

The Center for EUB Heritage encourages the study of the religious and ecclesiastical traditions that formed the Evangelical United Brethren Church and promotes appreciation for and use of that heritage within the United Methodist tradition and in the Church at large.

To this end the center has carried on extensive oral history projects; it has gathered people for consultations and special observances; it produces publications and exhibits; and it holds an extensive collection of manuscripts, artifacts, and publications directly related to that denomination and its forebears, the Church of the United Brethren in Christ, and The Evangelical Church.

The center awards a cash prize for the best paper submitted on some aspect of Evangelical United Brethren Church history, theology, or church life.

This annual competition is open to students enrolled in accredited institutions of higher education. The awards are in memory of Audrie E. Reber, former missionary, author and active church woman who was a founding member of the center and a member of its advisory board. Award application information is available from the center.

The Telescope-Messenger, an eight-page newsletter, is published by the center twice each year and is sent to the membership of the center as well as to a reading public of about 2,000 interested persons.

Digital Media Center

The Digital Media Center houses the seminary's video production facilities. This state-of-the-art center is used for class projects, student training events, and seminary related productions.

Classes in video production skills are fully supported by the Digital Media Center. The center also maintains an inventory of portable production equipment for student use related to class work.

Information Technology Resources

Technology has become an essential part of ministry; and United expects students to be familiar with using a Windows-based or Mac computer for word processing, browsing the Web, and sending and receiving email. Students enrolling in online courses will need internet access and may need a webcam and headset with a microphone for use in synchronous events or classes.

An email account in the united.edu system has been provided to each degree seeking student as well as a United network account (secure access on campus). All email communications from the seminary will be sent to the students' united.edu email accounts. The united.edu email accounts are web accessible and students may check their email from any internet enabled computer. It is provided by Google (gmail) and has all of the features normally provided by any gmail account, except it will have the (username@united.edu) united.edu extension. Email accounts other than those provided by United are not supported, but students may forward united.edu mail to outside accounts. Each student is expected to check her or his united.edu email account at least once per day.

The student account username and password for logging onto email and on campus computers will be sent to the students personal email account at the end of the admissions process. Upon receiving the credentials the student will be able to access the online orientation and online courses once they are open each term. The online orientation course opens approximately four weeks prior to the fall and spring terms. Online courses open at 8:30 am on the morning of the first day of the term.

Access to copy student work at United is available to each degree seeking student. The copier in the Student Computer Lab serves as the printer for those computers. The library is equipped with a printer for the library computers. The instructions are posted explaining how to log onto the computers and use the copiers for printing. This information can also be provided by the Information Technology Department.

Live internet streaming is provided for many of our programs through livestream.com, which gives students the ability to watch or review the major events at United at a later time. Events are archived on our Livestream channel, www.livestream.com/unitedts.

Online Learning Resources

To access all of United's digital resources go to login.united.edu using your student account username and password. You can directly access helpdesk requests, email, calendar, United Online courses, library, and Google drive file storage.

All courses at United have one or more online components, which are accessible on the online.united.edu site. Online United is powered by Canvas Learning Management System (LMS), which offers student access to courses from most mobile devices and computers.

An Online Student Orientation will be provided for all students to become familiar with the learning environment and technology used at United.

On campus courses may also use United Online course sites to give students access to course resources, syllabi, testing, and for uploading written assignments. The Gradebook may be used to communicate grades or offer feedback.

For online courses, all course materials, access to peers, instructor's email, and research access are located in the course sites. All online courses open at 8:30 am on the first day of the term.

All students may access student resources such as the helpdesk, The HUB (for job opportunities and other bulletin boards), Atomic learning (tutorials for all kinds of technology), and Media Space (video of events and seminars), through United Online. Technology Help is provided by request through the onlinehelp.united.edu for one-on-one training sessions (over the phone, or in-person). Sending an email will result in faster service as multiple persons answer the help contacts. Canvas support is available 24/7, 365 days a year by searching guides, email, or phone contact after choosing the help link when you are logged into Canvas. You will see a "?" question mark on the left navigation bar, this will provide a number of Canvas help options.

State Regulations for Online Programs

United Theological Seminary offers online ministry degree programs in every U.S. state. Federal and state regulations require that all institutions of higher education comply with existing state laws regarding distance learning. As these regulations are continuously evolving, United Theological Seminary makes every effort to maintain compliance. As a condition of United's authority to offer its programs to state residents, several postsecondary education agencies require the publication of certain consumer information.

If you are a North Carolina resident:

Degree programs of study offered by United Theological Seminary have been declared by the appropriate state authority exempt from the requirements for licensure, under provisions of North Carolina General Statutes Section (G.S.) 116-15 (d) for exemption from licensure with respect to religious education. Exemption from licensure is not based upon assessment of program quality under established licensing standards.

For other state regulations, see <http://united.edu/state-authorization-distance-education/>.

Lectureships

Heck Lectures: The J. Arthur Heck Lectures were established by the Alumni/ae Association to honor the life and work of Dr. J. Arthur Heck, former President and Professor of Systematic Theology at United.

The Heck Lectures are intended to relate the world of research to the practice of ministry. They are delivered each fall in conjunction with the gathering of United graduates from around the country.

Ryterband Symposium: The Ryterband Symposium (formerly known as the Sanders Symposium) is a joint venture of United Theological Seminary, The University of Dayton, and Wright State University.

It is made possible by a generous contribution from Dr. and Mrs. Louis Ryterband and Mrs. Natalie Roth.

The purpose of the annual fall symposium is to promote better understanding between major religious groups in the Greater Dayton Area.

Clinical Pastoral Education

Clinical Pastoral Education (CPE) is a long-standing partner in theological education. We encourage it in the MDiv concentration in Care Giving degree program.

CPE is most often offered in a hospital or other institutional setting. In the basic unit of CPE, students gain 400 hours of intensive experience in chaplaincy and supervised theological reflection on the practice of ministry.

Students may register for five (5) semester hours of course credit at United for the basic unit of CPE that is taken while enrolled at United. Students also may take CPE without course credit, by paying a fee directly to a CPE training program.

Accredited training programs in CPE are available throughout North America and in most regions in which students reside. Application materials and more detailed instructions are available on United's website.

CPE Application

United's CPE application materials can be found on the website under Masters Degree Programs. Go to united.edu and click on Future Students. On the left click Masters Degree Programs.

The American Association for Clinical Pastoral Education: www.acpe.edu

The College of Pastoral Supervision and Psychotherapy: www.cpsp.org

Dayton area CPE training programs are available at Kettering Medical Center's hospitals and nursing care facility and the VA Medical Center's hospitals and clinics.

Programs are also available throughout Ohio and the tri-state region. ACPE and CPSP websites have directories of training programs available throughout North America and in many international locations.

Chaplains and Pastoral Counselors

Students who are considering the vocation of chaplain and/or pastoral counselor should be advised that the minimum requirements for a chaplain in most mainline denominations are the Master of Divinity degree and ordination to sacramental ministry.

For those who cannot or choose not to be ordained, the MDiv is still highly recommended. For those who choose the MA degree, an additional 12 hours will be required in order to gain certification. Those who wish to become pastoral counselors are advised to complete the MDiv and at least the basic unit of CPE. Additional training and supervision will be required for each of these professions beyond the MDiv and MA degrees.

For more information about membership and credentials, please consult these websites:

American Association of Pastoral Counselors: www.aapc.org

Association of Professional Chaplains: www.professionalchaplains.org

Community Life

"May the God of peace himself sanctify you entirely; and may your spirit and soul and body be kept sound and blameless at the coming of our Lord Jesus Christ. The one who calls you is faithful, and he will do this." (1 Thessalonians 5:23-24 NRSV)

The United community is called to work alongside God's grace to help students respond to the call God has placed on our lives: spirit, soul, and body.

At United we strive to order our curriculum and common life to help students become more fully who they are called to be. Faculty, students, and staff participate in worship, Contextual Ministry Groups, retreats, and meetings for Bible study, prayer, and mutual support. By participating in the United community you will be challenged to know God better and to serve God more faithfully. Our hope is that because of United, your mind and heart will more intensely reflect the love of Christ, your spirit will be more attuned to the Holy Spirit, and your body will be more engaged in service among the vulnerable in the world God created.

Learning Environment

United Theological Seminary is committed to creating and maintaining a community in which administrators, faculty, staff, and students can work and study together in an atmosphere where all can flourish. In today's working and studying environment, we realize it is important and necessary to use communication technology to stay in touch with other areas of our lives. We encourage the respectful use of digital communication tools (cell phones, computers, etc.) in the learning environment, as long as these communication tools do not inhibit or prohibit the learning environment of others.

To maintain an environment conducive to study and meditation for all, the policy of United Theological Seminary is to require that cell phones be set to silent mode during class, seminar, or chapel times. Emergency calls can be taken outside of the classroom. The appropriate use of a laptop, tablet or the like is encouraged during class or seminars as long as the use is not disruptive to those around you. Each instructor can establish specific technological behavioral expectations so as to achieve each course's objectives.

Worship

Community worship on campus and in United Online is as rich as the diverse backgrounds, experiences, gifts, and spiritual expressions of the students, faculty, administrators, staff, and guests who share by planning, and participating in the events of worship.

All members of the United community are encouraged to meet on Tuesday afternoon, Monday evenings, or gathering weeks for worship. Leadership at chapel services is provided by faculty, staff, students, and guest preachers.

Special Advent and Lenten services, along with other liturgical celebrations, feature liturgists and musicians from a variety of cultures.

Common Meal

Worship on campus is preceded by a common meal and community time when announcements and introductions are offered, and conversations take place among all those who have gathered. Common Meal symbolizes and reflects the ways in which members of the Christian community commit to care for one another in all aspects of life.

Common Meal is scheduled at lunchtime on Tuesdays and dinnertime on Monday evenings during the fall and spring semesters.

All on-campus students in Contextual Ministry courses are required to attend Common Meals on Monday evenings. Distance students are required to attend Common Meals during the Contextual Ministry retreat only. Special community meals may be planned at other times of the year.

Alumni/ae Relations

The Alumni/ae Association's mission is to connect, nurture, and energize its members in community for mission and ministry

Since 1871, United Theological Seminary has been preparing leaders for the church. Our graduates serve with distinction as pastors, teachers, professors, bishops, community organizers, administrators, health professionals, and business leaders. Our alumni/ae are serving in all 50 states and in more than 30 countries.

All persons who have graduated from United or one of our predecessor schools, Bonebrake Theological Seminary or the Evangelical School of Theology, are members of our Alumni/ae Association. The lifetime membership fee is assessed to current students each semester. If a student withdraws from the seminary before graduating, any alumni/ae fees paid remain with the Association.

Lifetime membership in the Alumni/ae Association gives these benefits to all United Alumni/ae:

- **Discounts** to United sponsored conferences and lectures
- **50% discount** to audit any graduate level class with approval of instructor (\$250 per class)
- **FREE access** to EBSCO online database including ATLA Religion Database and thousands of New and Old Testament abstracts
- **Support** through the ministry of prayer - submit requests to prayer@united.edu.

An executive committee composed of members-at-large governs the Alumni/ae Association.

The Alumni/ae Association supports lifelong learning in several ways: stimulating academic inquiry through the annual J. Arthur Heck Lectures on campus each fall, and ongoing continuing education opportunities.

The Annual Report and regular email communications provide news and articles about the seminary and other alumni/ae, highlighting their current publications and achievements.

The Distinguished Alumnus/a, Effective Ministry and Outstanding DMin Alumnus/a Awards are nominated by association members and granted to United graduates as deemed appropriate by the executive committee. Alumni/ae celebrating forty years in ministry since graduation are inducted into the Eckels Society during the Alumni/ae Awards Banquet.

Members of the Alumni/ae Association contribute to the financial stability of the seminary yearly through the Annual Fund via gifts and pledges. They support students through hosting regional alumni/ae gatherings in their local area, sharing the names of prospective students and donors, and praying for the campus community.

Transcripts

Requests for transcripts can be submitted online through United's website on the Registrar's page. For alumni/ae and former students, a \$10 fee must be paid for each transcript request. To request a transcript and pay the transcript fee, go to <http://united.edu/transcript-request/>.
