April 8, 2020

Greetings,

I pray that you are all doing well and staying safe. We have received a lot of questions about the Spring hybrids and I hope to answer most of these here.

The executive committee decided today that due to the coronavirus pandemic, the June hybrids will move the on-campus portion to LIVE. You will still need to video conference into your course for the 2 1/2 days (or 5 days for those taking two classes), but you will not need to travel to campus. Longer breaks will be built into the days that you need to attend from your home. You will be responsible for getting a webcam and microphone if you don't already have one.

August hybrids are still scheduled to be on campus, but we will re-evaluate according to conditions closer to the date. You do not need to be anxious about registering. If there is a problem, they will be shifted to LIVE as well.

If you are a student who has traveling limitations, this may be an opportunity to pick up a class or two in the summer time.

Blessings to you all,

Chad Clark
